NEWS ITEMS.

Chicago, April 2.—At 1:30 this morning the returns give Harrison, the Democratic candidate for Mayor, 22,356; Wright Republican, 19,063; Schmidt, Socialist, about 8,500. The whole city Democratic ticket is elected by majorities ranging from 3,500 to 4,500. The vote on aldermen cannot be given, but the Socialists will elect several. There are about 20 precincts yet to hear from.

London, April 2.—A dispatch from Tashkend, Turkestan, says that advice received by Gen. Kaufman from the Governor of Samarkand, announces that the English government has made preparations for placing Wali Mohammed, cousin of the late Ameer, on the Afghan throne in place of Yakub Khan. It appears that Ali, left Kabul and passed over into the English camp. Wali Mohammed always entertained friendly feelings to England. In 1873, during Lord Northbrook's administration, when an attempt was made to change Shere Ali's attitude towards England, Wali Mohammed was the Ameer's prime minister. The understanding then arrived at lasted only a very short time. Shere Ali broke loose from the English restraint and Wali, who had espoused the English cause, was compelled to flee from Kabul and with the English residents, to seek refuge in Indian territory. A second item of intelligence is to the effect that the tribe of the Afridis recently captured on the road from Peshawar to Jellalabad 700 English soldiers who were ransomed for the sum of £30,000 by the Viceroy. The Afridis occupy a territory south of the Khyber pass, the centre of their district being only twenty-three miles from Peshawar.

The Governor of Samarkand also announces to Gen. Kaufman that Yakub Khan is about to send a fresh embassy to Tashkend.

A dispatch from Jellalabad states that a squadron of the Tenth Hussars while crossing the river at that place last night were carried away by the swift current and sixty of them drowned.

Proceedings in Congress.

Washington April 1.—The Senate passed the Senate bill appropriating two hundred thousand dollars for the construction of a steel vessel to be used for the disinfection of vessels and cargoes coming from ports supposed to be infected with yellow fever and other contagious diseases.

The Senate to-day confirmed the following nominations: Francis A. Walker of Connecticut, to be Superintendent of the Census; Doctors Stephen Smith of Kentucky, and F. H. Verd of Washington D. C., to be members of the National Board of Health.

The debt statement issued to-day shows an increase of the debt for March of \$89,272,417.

In the house Muldoon of Mississippi expressed his astonishment at the means employed by the gentleman

question between freedom and despotism the Democratic party will be found standing where our ancestors stood in 1876.

Congress of Michigan.—I desire to ask the gentleman from Mississippi whether the second revolution of 1861 had any terrors for him?

Chalmers.—The distinguished gentleman is exceedingly witty. History tells us that English Kings were in the habit of keeping jesters at court with the fool's cap and bells. It seems that a Republican Congress has supplied itself in the same manner; [laughter] but instead of the fool's cap and jingling bells, which might perhaps, suit very well, it has dressed its jester in swallow tails. [Loud laughter on Democratic side.]

Congress.—I asked the heroic gentleman from Mississippi a plain, civil, simple question and instead of answering it he jumps upon his music box and makes grimaces to the country and the house. [Counter demonstrations on the Republican side, members clapping their hands and indulging in loud laughter for a considerable time.]

Chalmers.—The gentleman is mistaken. I shall certainly not undertake to play a game which any monkey can beat me at. [Laughter on the Democratic side.]

Voices of the Night.

When bedtime comes, and curtains fall,
And round I go the doors to lock,
Ere lamps go out my wife doth call,
"Remember, dear, to wind the clock!"

When boots are off and for the day
All irksome cares seem put to rout,
I hear wife's voice from dream land say,
"Be sure you put the kitten out."

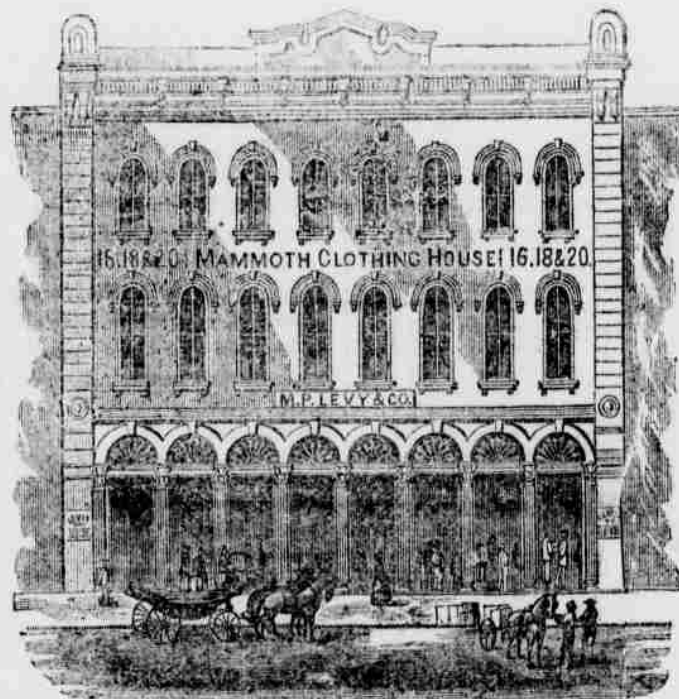

When stretched between the sheet, I lie,
And heavy lids have ceased to wink,
From trundle-bed there comes a cry,
"I want a drink! I want a drink!"
—Exchange

"The habit of indulging in ardent spirits by men in office, has occasioned more injury to the public than all other causes. And were I to commence my administration again with the experience I now have, the first question I would ask respecting a candidate would be 'does he use ardent spirits?'" —Jefferson.

The Methodist Church owns more property than any other denomination in the Union, that sect having \$69,854,191 invested in churches.

To Boot and Shoe Dealers.

After a successful career of eight years in the wholesale boot and shoe business, Messrs SURCLIFFE & OWEN, No. 287, Main St., Louisville, Ky., have adopted the cash system. They have the capital to buy exclusively for cash and get bottom prices. They sell for cash only, making no bad debts. They offer the best quality of fine, custom-made work, down to medium and low priced goods, at 10 to 15 per cent. less than credit houses, and offer advantages not afforded by any houses that either buy or sell on credit. They have a resident buyer in Boston and go east a number of times themselves during the year, taking advantage of every opportunity to purchase at low prices, and always getting the largest per cent. off for cash purchases and for cash down. Their cash price list, which they will send on application, speaks for itself. I give figures that are misunderstood. They adhere to the cash system invariably. March 17-2m.

S. SEVIER,

(Successors to R. V. PIERCE, M.D.)

DR. R. V. PIERCE, having received a world-wide reputation in the treatment of Chronic Diseases, resulting in a professional business far exceeding his individual ability to conduct, some years ago induced several medical gentlemen to associate themselves with him, as the Faculty of the World's Dispensary, the Consulting Department of the Dispensary, and merged with the INVALID HOTEL. The organization has been completed and incorporated under the name and style of the World's Dispensary Medical Association, with the following officers:

Hon. R. V. PIERCE, Pres. F. D. PIERCE, V. Pres. JNO. E. PIERCE, Sec. LESTER B. SMITH, Treas.

NINE PHYSICIANS AND SURGEONS of eminence and skill have been chosen as the Faculty. CHRONIC DISEASES of all forms come within the province of our several specialties. LUNG DISEASES.—This division of practice is very ably managed by a gentleman of mature judgment and skill. Bronchial, Throat and Lung Diseases treated with the most successful results. DISEASES OF WOMEN.—Especially are our facilities of a superior order for the cure of all those chronic diseases peculiar to females. NEURALGIC DISEASES.—Paralysis, Nervous Debility, Epilepsy (Fits), Chorea (St. Vitus's Dance), Tetanus, and other nervous affections, receive the attention of an expert in this specialty.

NOT NECESSARY TO SEE PATIENTS.—By our original system of diagnosis, we can treat many chronic diseases as successfully without as with a personal consultation. For particulars see "People's Common Sense Medical Adviser" (400 pages, sent post-paid for \$1.50 or "Invalids and Tourists' Guide Book" 100 pages, 10 cents post-paid). Among the operations which we are called upon most frequently to perform, are those for Nasal Polypus, Hay Fever, Tumors, Fistula in Ano, Piles, Hemorrhoids, Hydrocele (Dropsy of the Scrotum), Varicocele, Ovarian and Uterine Tumors, Calculi (Stone in the Bladder), Stricture, and without surgical operation, Catarrhs, Chlorosis, Spinal Curvature, and other deformities. (See pamphlet entitled, "Motion as a Curative Agent," sent on receipt of 10 cents.) Address, World's Dispensary Medical Association, BUFFALO, N. Y.

WOMAN

By an immense practice at the World's Dispensary and Invalid Hotel, having treated many thousands of cases of those diseases peculiar to woman, I have been enabled to perfect a most potent and positive remedy for these diseases.

To designate this natural specific, I have named it

Dr. Pierce's Favorite Prescription

The term, however, is but a feeble expression of my high appreciation of its value, based upon personal observation. I have, while witnessing its positive results, been enabled to perfect a most potent and positive remedy for these diseases. To designate this natural specific, I have named it
